ARYABHATTA HOUSE

MOTTO OF THE HOUSE

"Faster, Higher and Stronger"

Message from the House Mistress

"The whole purpose of education is to turn mirrors into windows."

-Sydney J. Harris

At Army Public School, Jodhpur, we are committed to nurture and equip young learners with the uncommon ability of self-exploration and development. We want children to be inspired by their good work, not by reward, thus creating a love for learning. As "self-inspired" learners, they will possess a strong conviction and power of the heart, mind and body working together. Children will no longer be restless, but will rather build a long attention span and love for learning at their own pace.

Each day of the month pulsated with energy and zest as the children were back from their winter break and looked forward to a fresh start. ***The Aryabhatta House bagged the Winner's trophy of 'Inter House Competition.'*** Being the House Mistress of Aryabhatta House, I feel extremely proud & compliment the House members for putting in their heart & soul in the house activities. I congratulate the participants for their true spirit & active participation in all the events.

Overall, it was a fun packed month with children immersed in a plethora of activities celebrating the 71st Republic Day celebrations and farewell to outgoing students of Class- XII. The entire month witnessed great exhilaration and excitement all around the school campus.

ASSEMBLY

" Each morning we are born again, what we do today is what matters the most…."

School assembly serves as a powerful motivator for the entire school. The beginning of a school day can become chaotic and this is where our morning assembly serves an important purpose. By assembling students and teachers, morning assembly is a powerful way to in still discipline and also to set a joyful and focused tone for the day.

Assembly serves an effective role to share important information, stage students' performances and to inculcate cleanliness and good manners which will be reinforced everyday by awarding Go-Green soldiers.

It is an integral part of the school's schedule . It is accompanied with prayer, song, information of latest happenings, inspiring thoughts, speech, national anthem and acknowledgement of achievers.

Morning Assembly develops a feeling of being united. This feeling of unity stays forever in the student's mind and it leads to a happy society.

Valuable moral teachings were given through speech and drama which would change the perspective of students. It acts as a strong pillar in the moral development of students.

Confidence is built in the students. It is the best platform to encourage students who have achieved in academics or extra-curricular activities. When the achievers are awarded in front of everyone, they feel encouraged. This encouragement gives them the enthusiasm to achieve more. Furthermore , it inspires other students to perform better in order to become one of the achievers.

A special Assembly was held to celebrate the festival of Pongal, Makarsankranti and Lohri on 13th January 2020. The highlight of the celebration was children dancing in their traditional attire, flying of kites and the Bhangra and the Gidda dance performed by the students.
