MESSAGE FROM THE HOUSE MASTER'S DESK

Dear students,

It gives me immense pleasure to greet you all with a warm heart, for we are embarking on a new journey, which is the academic session of 2023–24. Life is full of strife; life is action. We have to toil in our lives to get successful results. Given that we work hard to our core, our efforts will be rewarded sooner or later. This is what our Tagore House believes in.

The theme for the month of April was "Skill Development in India: Local to Global". We all have potential in ourselves. The Almighty created us in that manner. Every being is special in his own way and has a unique set of qualities that he only possesses. We have to navigate through our inner selves to find that potential and build upon it, the purpose being to become successful and come out with flying colours. With this being said, I'd like to convey that we are ready to face any obstacle that may come our way, for we will surely overcome it.

JAI HIND!

Regards
Mr. Hemant Kumar Swami
PGT (Geography)
