FROM THE DESK OF HOUSE MISTRESS

"Learning is never done without error and defeat " Vladimir Lenin.

A faith to hold, a heart to be told, a prayer to sing, a dream with a wing .With the dawn of every day, we wake up to take new challenges and opportunities. Every day, we wake up to a fresh breeze of air and new dreams. At the threshold of another academic session 2024-25 we prepare our students to meet life's challenges with knowledge supported by wisdom, critical values, good decision- making skills, as well as respect for all life.

By playing as a team, our children learn to love and trust. With the appreciation of cultural diversity, they learn to accept other points of view. By setting deadlines or goals for themselves, they learn responsibility. In success, they learn that hard work is as important as talent and skill, and from setbacks ,they learn that success is never easy.

We try to spark the children's imagination with the best in art and nature, giving them the opportunity to express their own thoughts and feelings as well. I would also like to appreciate my team, who leave no stone unturned to empower and cultivate the young minds.

Dear students, I am hopeful that you will use your time and education in the right way to make the world a better place!

ABHILASHA SHUKLA
